## **Bouquet Subscription Drop-off Facts**

Welcome to our Bouquet Subscription Drop-off service. We are looking forward to growing beautiful cut-flowers for you in the upcoming season.

### **Mondays for 10 weeks**

- If you have received this as a gift, please send us your email so we can add you to the flower email list for announcements.
- If you are going to be out of town, just let us know and we will skip your delivery that week and add it onto the end.
- Our flowers are grown in the Denbigh section of Newport News following organic practices.
- Flower food for your entire subscription will be delivered with your first bouquet. Remember to use it each time your flowers are delivered. Mix according to directions and add to a clean vase. After a few days you can change the water, replacing with straight water or adding flower food if you have extra on hand. Trim the stems and you should be good to go for a few more days. The death of most fresh cut flowers is running out of water or yucky water that clogs their stems so water can't get up to the flower heads.
- If a major holiday falls on Monday, your delivery will come on Tuesday.
- If you are receiving your flowers at a private residence leave a bucket filled with water on your porch to receive your delivery. It is not necessary for you to be home.
- If for any reason we cannot fulfill our entire subscription due to weather, i.e. hurricanes, nor'easter storms, we will resume bouquet deliveries the following season.
- Subscription members are also invited to enjoy the benefits of our "Garden Share" members. This includes coming to the garden on Friday mornings, 9am to 2pm, May through September to shop The Gardener's Workshop warehouse online store products. This is a service that is not open to the public- only available to Garden Share and Subscription Members.
- You may also shop our online store and have your order delivered with your flowers at no charge. We offer gardening goods and great flower arranging supplies that make flower arranging easy- call us for a recommendation! Shop online as usually; choose the local pick-up option for shipping that is no charge. We will deliver your order on your next flower delivery date.
- Our goal is 100% customer satisfaction; we appreciate your comments and suggestions.
- Please call or email us with any questions!
- You can sign-up for Lisa's monthly newsletter on our website. It is full of gardening information and what is going on at this small family farm located in Newport News.
